April 13, 2017

To whom it may concern:

Rochester Jet Blak (RJB) and Northcoast (NC) have been in business relationship for over a decade.

RJB is a distributor of bulk sealer and all supplies needed to be a successful seal coater. We recommend that sealer be mixer with sand and additives to the manufacture's specifications. With NC purchasing the major of its sealing products from RJB; it appears that NC mixes it sealer to the manufacturer's specifications.

We encourage others to us companies that mix there sealer to manufacture's specifications.

Sincerely,

Jason Woolver  
General Manager
